

# JAMES DAVIES

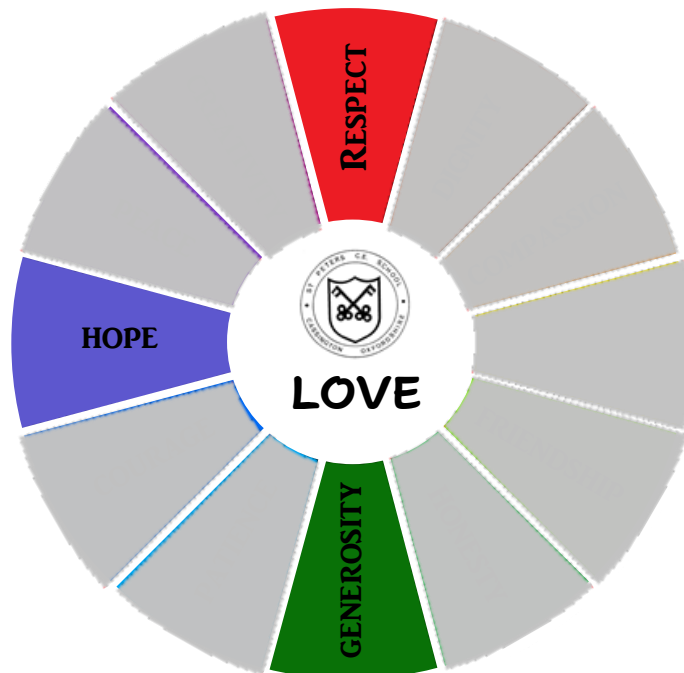

*James is a lawyer which means he is there to help people with rules about what people can do and what they can't do. He is a specialist in serious injury law which means he helps people with their legal rights when they have had an accident for example, and gets the best possible help for them. James has always believed that you cannot be successful without the help of others so he tries to help others whenever he can. When James was 3 years old, he moved with his family to South Africa. He learned a lot about Nelson Mandela and he became James' inspiration. Before becoming president, Nelson Mandela was also a lawyer!*
