Briefly describe the book:

There is this boy who can't wait for his birthday. In fact, he wishes it was his birthday everyday. ~~and~~ so it is quite exciting, at first, when his birthday happens the next morning. But sometimes you have to be careful what you wish for...

Discuss what you particularly liked about the book:

I liked that his birthday was every day and that it was funny seeing him have no space for his room and he got very fat from all the cake!

Mention any dislikes about the book:

I didn't like that that in the book, near the end they got stuck in water at night, as they were trying to catch the star that was making the birthday happen every day!

Would you recommend this book, and if so, for whom?
