Dear Churchfields

I just wanted to tell that even in this time you should still keep your spirits up and hope for the best.

My name is Oliver and I live in Cassington. I live with my Mum, Dad and brother Freddie. My favourite animals are horses.

At school my favourite subjects are art and maths. My teachers are Mrs Howe, Mrs Adams and Mrs Leggett. My Headteacher is Mr Teggie. In school or after I do clubs like choir, tennis and after school club. At break I like playing with my friends.

I do alot of hobbies like singing and dancing, walks and bike rides, computer games, horse riding, tree climbing and exploring and going on adventures.

What do you like doing? I hope you're enjoying the sunshine and remember to smile and keep your spirits up.

Yours sincerely

Oliver

Dear people of Churchfields,

I am writing to you because I wanted to cheer you up in these bad days of the coronavirus. I hope you had a great day so far, and if it is not good I will try to make it better.

School work is a bit boring over an ipad (I like going to school more), we do our normal work every day except the weekend.

At home I do lots of things, I mostly play with Lego, I sometimes go outside and also play with my little sister (Maša). Playing with Lego is my favourite thing to do at home, I built a Lego car and started building a house.

As you know we can't go outside more than once a day, when we go outside, we normally go outside on a bike ride. We found a big hill and we try to go up it in the biggest possible gear every day but my mum always goes in gear 1. I like it the most when I am going down because I go super fast.

I hope I cheered you up a bit. I also hope your day gets better if you were a bit down. I want to say goodbye to all of you now and see you later

From Dimitrije

Dear Churchfields residents,

My name is Megan and I am writing to say hi and say about what I am getting up to during lockdown.

In home-school, my favourite lessons to do at home are P.E. and reading. I am reading the Harry Potter books for the 2nd time! I'm doing school on the computer using an app called Google Classroom. I also have a class video call with the rest of my year group (year 4). I miss my friends and my teachers.

At home, I am continuing my favourite hobby (ballet) by watching a live video with Hanna Martin who performed at The Greatest Dancer. Me and my family watched a film called Brave. It was really cool because I had 12 plaits in, so my hair was wavy like the main character's. The film inspired me to do archery, so me and my sister ,Isla, made a bow and arrow out of willow. What are you getting up to during lockdown?

I hope you have a happy rest of lockdown,

Love from Megan,
Maple class.

Dear Churchfields residents,

My name is Mae and I am 8 years old. I am writing to you to cheer you up during lockdown. How are you coping in lockdown? Although home-schooling isn't going very well, I do enjoy being with my parents. I have a little sister called Florence and a baby brother called Maxwell. Do you have any brothers or sisters?

What have you been doing in lockdown? I have been baking jam cakes that Mummy calls jam explosions because they exploded in the oven! Do you like to bake? What is your favourite type of cake? I have also been doing a lot of reading books. I really like to read my Pokemon book. Do you know what Pokemon are? They are video game characters from Japan and some of them are really cute! Our topic is Japan. I don't think I'd like to visit Japan because it has 100 active Volcanoes!

What is your favourite animal? Mine is a cat. I like cats because I think they are really cute. I really want a pet cat but we can't get one at the moment.

One of my new favourite hobbies is playing the Violin. Do you have any hobbies? If so, what hobbies do you have? My teacher has given me a special piece for "Somewhere over the Rainbow" from The Wizard of Oz. Have you seen that film? I have. I thought it was good.

Are you going to do anything for V.E day? We are going to have a street party with cake!

It would be lovely to hear from you,
Love Mae.

Dear Churchfields,

Hello, my name is Lorelai. I am in year 3 at St Peters school. We have been asked to write letters as part of this term's English work. I was wondering, how are you? Do you remember my class from our visit at Christmas?

I have not been at school during Lockdown, it has been about 6 weeks now. We are doing all of our lessons on the computer. It's called Google Classroom. It's not as fun as being at school, because I do miss my friends, the play equipment and the newish adventure playground. Every morning we have a video chat with our teacher and classmates, but not everybody shows up for it. The teachers always say, 'this is okay.' That is because we are not actually at school and are all doing our best. My favourite lesson is maths. There is a game we can play online to help with our learning. It is called, hit the button. Sometimes I do all my work super quick and before lunch. So my Mum asks me to go onto BBC Bitesize, which is another online learning site. This is fun too. This has made me wonder, what was it like when you went to school?

When I am not doing school work, my Mum says it's very important not to spend time on the computer. It is bad for my eyes. So we try and do lots of other things. So far we have: watched films with popcorn, done workouts from the TV to keep fit, baked cakes and played card games and board games. We have to stay at home because my Mum has an illness. So instead of walking around the village for our exercise, we walk around the field behind our house. There is never anybody in this field, so we feel safe. On one of our walks around the field, I thought I found a marble stone in the soil. In lockdown, we have had a few disasters with our pet rabbits. They are called Liquorice and Toffee. They keep escaping from their hutch. This morning I found Liquorice in the herbs, eating them! I then found Toffee on top of the hutch, ready to hop away.

After lockdown has ended, I am most looking forward to seeing my friends and especially my Dad. My Dad doesn't live with us, he is in Witney. I call him every day on the computer to have a video chat. We

also play games this way. I do manage to speak to my friend Hayden over the garden fence, she lives two houses away. I can't wait to actually play out the front with Hayden, with our dolls and Barbies. Going outside to play and be able to go to the park again, is going to be great! Do you remember what fun games you played at my age?

I was wondering, how are you finding lockdown in the care home? Do you miss your visitors, and are you having fun?

STAY SAFE,
from Lorelai.

Dear Churchfield Resident,

I hope this letter can find you in good health.

I am from St Peter's school, as you know. My favourite lesson is doing art.

We were making roman catapults till this dreaded virus came. If you are interested in how I learn now and maybe in the future, it is in Google classroom. It is very well made, but I prefer to be at school . Although I really like being at home, I really do not like being away from school, my friends and memories. I hope you can skype/talk with your family and friends.

If you want to know, something very exciting is coming up for us. We are going to get a puppy, a Dachshund called Amber! If you like dogs, would you like to get a picture of the puppy?

Yours sincerely,
Flora

Dear Churchfields Resident

I'm a student at St Peters school around the corner and I wanted to write you a letter, just to check if you're alright with this crisis that is happening.

My favourite subject at school is English, and we are currently learning about Japan and earthquakes. We are learning everything at home on computers so it's very different from being in school so I miss seeing my friends.

In the holidays I have been riding my horse called Tonto, he's very cheeky and he likes to jump and eat carrots. I have also been playing football in my back garden where I have a goal to kick the ball at. I play for a local team called Kidlington Comets and my favourite team is Manchester United.

When I grow up I want to be a policeman and because I'm really fast I can catch the robbers really quickly. What was your job before you retired? Do you have any Grandchildren?

I hope you enjoyed reading my letter and you have a nice day.

Yours Sincerely,
Charlie (age 7 but 8 in six days!)
