Modern Foreign Languages Intent

All pupils have the right to a rich and deep learning experience that includes the basic learning of an additional language. MFL prepares pupils to participate in a rapidly changing world in which work and other activities are increasingly carried out in languages other than English. At St Peter's we use the learning of Mandarin to enable access to ideas and experiences which help develop an understanding and appreciation of different cultures.

Modern Foreign Languages Implementation

Our Mandarin teaching is led by Bartholomew School teachers using a bespoke scheme of work which covers all aspects of the MFL curriculum: speaking, listening, reading, writing and cultural understanding, and progresses these skills and knowledge throughout Key Stage 2. Progression is clear across all year groups, from year 3 to year 6, and consists of creative activities to extend, embed and combine language skills.

What is the impact of our Modern Foreign Languages teaching?

Our MFL curriculum is fun and enjoyed by learners, well-resourced and planned to demonstrate progression through Key Stage 2, as set out in the National Curriculum. We ensure all pupils develop key language learning skills, to take beyond the classroom and apply their cultural understanding in our growing society.

Our children will continue learning Mandarin in Year 7 at Bartholomew School and KS3 lessons are planned for, taking into account this prior learning.
