## Arbor

### Arbor

Arbor is now set up to manage the consent and payment for all trips. There will be no further trips sent on ParentMail. We will also be using Arbor for absence reporting & parents evenings.

The only things still on ParentMail are the bookings and payments for wraparound care, and payments for Bookbags and PE bags. These will continue until September.

SchoolGrid will still be used for dinner, and Apple Tree will continue using Tapestry.

We are aware that there have been some teething problems with Arbor—the main ones being that not everyone has received emails, and that it's not as easy as ParentMail to navigate! The problems with emails not sending to everyone has now been resolved, so if you continue to have problems, please do let me know.

Please see the page near the end of this newsletter for a help guide for trips on Arbor!

## How to register your child for a trip using the Parent Portal or Parent App.

Please note that once you have signed up, you will need to contact your school if you would like to cancel participation or would like a refund.

1. From the main Parent Portal page, click on the Trips field within the Activities section.

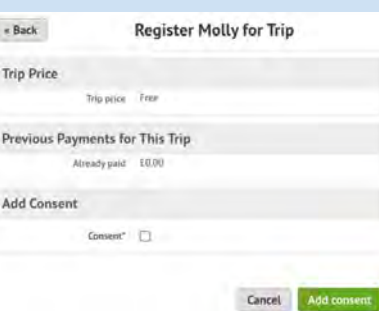

2. The Trips main page features three sections - Upcoming Trips are any trips the child is currently registered for, Past Trips are trips which have taken place and Trips Open are any trips that the child can currently be registered for.

3. To start registering a child for a trip, click on the desired trip in the Trips Open section.

4. On the Trip Overview page, you can see details relating to the trip such as date, time and price. Click on Sign Up to begin the registration process.

### Free trips

1. A slide over menu will appear where you can add consent for the trip by ticking the checkbox and ticking Add Consent.

2. Once consents have been confirmed, you will be taken back to the Trip Overview page. You will now see that the Status field will have been updated to confirmed (assuming consent was not refused).

3. When returning to the All Trips page, the trip will now be displayed in Upcoming Trips, rather than the Open Trips section.

### Paid Trips

1. With trips that require a payment, the process is slightly different. When registering the student for a paid trip, click the trip to be taken to the trip overview page. Click the Sign Up button.

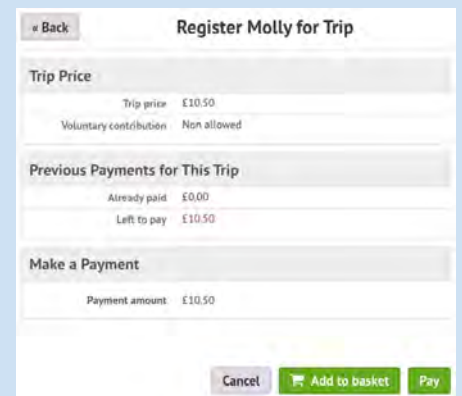

There is no option to consent for a paid

trip, as the student's place is instead confirmed by the payment made towards it.

2. A slide over will appear where you can add the amount you will pay.

3. You can then pay now or add the payment to your basket to pay later.

If you've paid the full price of the trip, the status of the trip will then change to confirmed, and the trip will appear on the All Trips page in the Upcoming Trips, rather than the Open Trips section

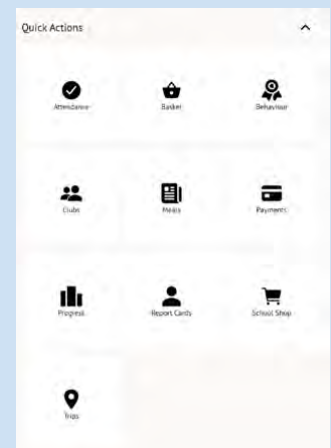

## How to manage payments for Trips on the Arbor Parent App.

Once you have logged into the Arbor App, tap **Quick Actions** and tap **Trips** to browse available payment options. You can also navigate straight to your basket from here if you already have items in it.

### Adding a Trip to Your Basket

2. Browse the available trips and select the one you would like to sign up for
3. Tap **Add to Basket**

# BE SMART ONLINE

## S

### SAFE

Keep your personal information safe. When chatting or posting online don't give away things like your full name, password or home address. Remember personal information can be seen in images and videos you share too. Keep them safe to keep yourself safe.

## M

### MEET

Meeting up with someone you only know online, even a friend of a friend, can be dangerous as this person is still a stranger. If someone you only know online ever asks you to meet up, for personal information or for photos/videos of you then tell an adult straight away and report them together on [www.thinkuknow.co.uk](http://www.thinkuknow.co.uk)

## A

### ACCEPTING

Think carefully before you click on or open something online (e.g. links, adverts, friend requests, photos) as you never know where they may lead to or they may contain viruses. Do not accept something if you are unsure of who the person is or what they've sent you.

## R

### RELIABLE

You cannot trust everything you see online as some things can be out of date, inaccurate or not entirely true. To find reliable information compare at least three different websites, check in books and talk to someone about what you have found.

## T

### TELL

Tell a trusted adult if something or someone ever makes you feel upset, worried or confused. This could be if you or someone you know is being bullied online. There are lots of people who will be able to help you like your teachers, parents, carers or contact Childline – 0800 11 11 or [www.childline.org.uk](http://www.childline.org.uk)

## BE SMART WITH A HEART

Remember to always be smart with a heart by being kind and respectful to others online. Make the internet a better place by helping your friends if they are worried or upset by anything that happens online.
